RE: Application No. HUPP-2010-026

Please be advised that the Southern Trinity Groundwater Conservation District (the "District") received your Historic Use Production Permit Application. Pursuant to §9.207 of the District's Rules, the District's general manager has reviewed your application and has determined that the application is administratively complete. The general manager has conducted a technical review of the application and will recommend to the District's Board of Directors that it consider issuing the Historical Use Production Permit for an annual production of groundwater not to exceed 167.0067 Acre-Feet (54,419,300 Gallons). Attached to this letter is a copy of the Technical Summary, the proposed draft permit, and notice of the permit hearing date and location.

Also attached to this letter is a list of names, if any were found by the District, of well owners that may own a well or wells in the Trinity Aquifer that are located within ½ mile radius of the well or wells that you listed in your HUPP application. This list may not be complete, but Rule §9.219(e) requires that you provide by first class mail a copy of the hearing notice to any owner of a well within ½ mile radius of the well or wells that you listed in your HUPP application. The notice(s) must be mailed at least 10 days prior to your hearing date. You are also required to provide to the District, prior to your hearing date, a list of all well owners that were mailed the notice along with the original, notarized affidavit enclosed.

If you have any questions concerning this matter, please call me at (254) 759-5610. Please keep this letter as a permanent record for your file.

Sincerely,

Tricia K. Law, General Manager
Southern Trinity Groundwater Conservation District

Attachments: 1) Technical Summary
2) Notice of Hearing
3) Draft of Proposed Historic Use Production Permit
4) List of Adjacent Well Owner's Names
5) Affidavit

Technical Review Summary

Well Owner: Leroy-Tours-Gerald Water Supply Corporation,
312 W. Commerce,
Leroy, Texas, 76654

Application Summary For HUPP-2010-026:

Aquifer: Trinity

Annual production of groundwater not to exceed: 167.0067 Acre-Feet (54,419,300 Gallons)

Year of Maximum Historic Use: 2006

Location of Each Point of Withdrawal:

Latitude/Longitude (NAD83):

N31D 44M 13S / W97D 02M 33S

N31D 42M 27S / W97D 04M 11S

Reasons and Technical Basis for Recommended Action

The applicant submitted documentation other information that, in the opinion of the General Manager, reasonably showed evidence of Historical Use Production from the Trinity Aquifer of 167.0067 Acre-Feet (54,419,300 Gallons) during the calendar year of 2006.

Proposed Purpose of Use

All groundwater produced under the proposed permit is restricted to Municipal Use within the Applicant's Water Service Area as defined by the Applicant's Certificate of Convenience and Necessity 10025 issued by the Texas Commission on Environmental Quality.

General Manager May Modify Recommendations or Request Additional Information

The General Manager of the District may at anytime modify her recommendations to the Board of Directors regarding the proposed permit or this technical summary or request additional information from the applicant.

Request for Contested Case Hearing

HUPP applicants or affected persons may file a written request for a contested case hearing on the proposed HUPPs with the District by no later than August 2, 2010 at 9:00 a.m. If no timely requests for contested case hearing are filed, the applications will be presented to the District on the date of the hearing for final action.
